RESIDENTIAL
PARKING
PROGRAM

Downtown residential parking needs should be discussed with your building owner. At this time no overnight parking is provided for on streets or in public parking lots. Private lots throughout the downtown have been used for overnight parking by making arrangements with lot owners.

FREE DOWNTOWN MUNICIPAL PARKING

Short Term Parking— short term parking spaces were designed for someone who maybe eating lunch or dinner, a one or two stop shopping trip or a quick visit to a service center. These spaces are found throughout the downtown and in Lots 1 and 2. These are 2 hour parking spaces.

Long Term Parking—all day parking spaces were designed for someone who is shopping and dining downtown for an extended period of time. These parking spaces are most often found on side streets away from the core downtown or in certain City parking lots. These spaces are found in Lots 3, 4 and 5.

Employee Parking—these parking spaces were designed for employees and owners of businesses that will be spending the entire day or evening in town. These parking spaces are found in areas away from the immediate business district.

The purpose of parking rules is to enhance public safety, security, and parking availability for all Hastings residents and visitors to our City. This brochure was designed to help you find a parking space appropriate for your needs. Following these simple rules will save you the cost, inconvenience, and the frustration of receiving a ticket. Without these rules it would be difficult, if not impossible, to find a parking space downtown. Please look for our helpful signs to direct you to free All Day or Long Term parking. All other parking spaces are two hours in duration.

On Street Parking

- ● All Day Street Parking
- — 2 Hour Street Parking
